

ISSUE LOG

Project Name	MediLocate.		
Issue #	Description	Priority	Status
1	A meeting was held where project ideas were presented and discussed, including the selection of technologies to be used. This meeting, led by Adriana Carolina García Serrano, Ansar Ahmed, and Gursharan Singh, resulted in the creation of the document (Meeting-1 Minutes).	High	Completed
2	A meeting was conducted to break down the project tasks, define specifications, and clarify objectives. Adriana Carolina García Serrano, Ansar Ahmed, and Gursharan Singh led this meeting, producing the document (Meeting-2 Minutes).	High	Completed
3	Poor performance in the development team was identified, as some members failed to meet their assigned tasks, risking project deadlines. Adriana Carolina García Serrano held individual meetings to address these issues and received feedback suggesting she organize the team herself.	High	Completed
4	Due to continued poor performance by some team members, project deadlines remained at risk. Adriana Carolina García Serrano held a team meeting to voice her concerns and reached an agreement to reorganize the workflow for improvement.	High	Completed
5	Low team performance persisted despite previous discussions. Some members failed to fulfill their assigned tasks, jeopardizing the project timeline. To address this, Adriana Carolina García Serrano redistributed the workload, taking on a significant portion of app development herself to meet submission deadlines.	High	Completed
6	Team dynamics continued to face challenges, leading to frequent disagreements. After another discussion led by Adriana Carolina García Serrano, team members apologized and pledged to improve their contributions. However, they later failed to uphold their commitments.	High	Completed
7	Persistent team dynamics issues led to the decision by Adriana Carolina García Serrano to leave the team and continue the project independently, impacting project momentum.	High	Started

8	Potential delays in development arose due to resource limitations. Adriana Carolina García Serrano plans to reprioritize tasks to maintain progress and minimize disruptions to the workflow.	High	Started
9	A new project status report is being prepared by Adriana Carolina García Serrano, detailing team issues and their consequences.	Medium	Started
10	The main document (project_medilocate.pdf), summarizing project issues, workflow, and irregularities, is being finalized by Adriana Carolina García Serrano.	Medium	Started
11	A PowerPoint presentation summarizing the main document is being developed by Adriana Carolina García Serrano for the final project meeting.	Medium	Started
